

Ride the leading edge with proven resins, curatives and formulating expertise.

Ernie Galgoci is part of our team of formulating experts who can help you create high-performance coatings for a wide range of industrial and institutional applications.

We've advanced the performance of compliant coatings formulations. We not only offer a complete line of industry-tested, waterborne resins and epoxy curing agents for a wide range of applications – we also provide extensive technical support to shorten your development cycle and ensure superior results.

Ancarez™ AR550 waterborne resin and our waterborne epoxy curing agents deliver excellent performance for ultra-low and zero-VOC epoxy coatings.

Adura™ polyols help create zero-VOC, ultra high-performance 2K polyurethane coatings.

And Hybridur™ waterborne dispersions enable fast-drying, 1K polyurethane coatings.
