Erwin Zwicky

European Region President

Erwin Zwicky was named European region president in November 2007. In this position, he has overall responsibility for leadership and coordination of European activities supporting global strategic initiatives.

Mr. Zwicky joined Air Products in 1974 as a chemical engineer. Following several engineering assignments in the U.S. and Brazil, he was transferred to Mexico in 1982 where he was named commercial director. Mr. Zwicky relocated to Belgium as manager for Benelux on-sites in 1984; Hersham, England as manager of the Southern Europe business development team in 1990; and Barcelona, Spain as general manager of bulk gases, on-sites and product supply in 1994. In 1998 he returned to England where he was named general manager for bulk gases–Europe, and in 2000 he was appointed vice president, UK-Ireland and bulk gases–Europe. Mr. Zwicky was appointed Consejero Delegado of Carburos Metálicos and vice president of Southern Europe in 2002 prior to assuming his current position.

Mr. Zwicky was born in 1950 in Chile. He received a degree in chemical engineering from the University of Chile in 1974.
