## **Scott A. Sherman**

Senior Vice President  
Strategic Development and Execution

Scott A. Sherman was appointed senior vice president, Strategic Development and Execution, in April 2009. In this newly-formed position, he has overall responsibility for the company's Strategic Planning, Technology, Energy and Materials, Global Engineering and Global Operations organizations. He also is a member of the company's Corporate Executive Committee.

Mr. Sherman joined Air Products in 1975 as a participant in the company's Career Development Program, with his first assignment in the Applied Research and Development department. In 1977 he relocated to Houston where he held a number of marketing and management positions in the company's Petroleum Recovery Systems business. Mr. Sherman returned to corporate headquarters in 1982 to work in the Process Systems Group, where he was named business area manager, Standard Plants, in 1984; general manager, Air Separation Equipment, in 1988; and general manager, Adsorption Systems, in 1992. In 1994 he relocated to England as general manager, Engineering, for Air Products Europe. Mr. Sherman later returned to the U.S. where he was named vice president, Corporate Planning, in 1997 and vice president and general manager, Energy and Process Industries, in 2001. He was appointed vice president and general manager of the Tonnage Gases, Equipment and Energy division in 2006 and became senior vice president of the division in 2007.

Mr. Sherman was born in 1951 in New York City. He received a B.S. degree in mechanical engineering from Cooper Union in 1973 and an M.B.A. from Boston University in 1975.
