David R. Edmondson

Vice President
Global Engineering Organisation–Europe

David R. Edmondson joined Air Products in 1987 and subsequently held various assignments in project management and sales before taking on general management positions in the Generated Gases group. Prior to his current role, he was responsible for managing Air Products' European Electronics business. He assumed the position of vice president, Global Engineering Organisation–Europe in July 2004.

Mr. Edmondson received a Bachelor of Engineering degree in civil engineering from Liverpool University in 1981. He went on to complete a Certified Diploma in accounting and finance in 1990 and earned an M.B.A. from Kingston University in 1992. Mr. Edmondson is a Member of the Institution of Civil Engineers (MICE) and a member of FEANI, the European Federation of National Engineering Associations.
