

Driving solutions your way for forty years.

With over 30 years of combined polyurethane knowledge, Jane Kniss, John Miller and Jim Tobias bring you the right products and experienced applications support to ensure your continued success.

Air Products has helped the polyurethane industry adapt to change for decades. We continue to offer the world's leading combination of expertise and polyurethane additives, like the trusted Dabco® and Polycat® lines. Whatever your business—rigid, slabstock, flexible molded or microcellular—we work hard to understand and solve your problems. You can count on us to keep you ahead of changing

requirements, now and in the future. Find the additive you need on our global web site, anytime, anywhere. Or call our experts at 800-345-3148 in North America, +49 40 529 8620 in Europe, 852-2527-1922 in Hong Kong, 52-5-246-0400 in Mexico, or 55-11-3856-1669 in Brazil.
