

Our Total Safety Philosophy

We believe that:

- **nothing is more important than safety . . .**
not production, not sales, not profits;
- **all accidents and injuries are preventable . . .**
not inevitable;
- **safety is a management responsibility . . .**
and safety can be managed;
- **safety is an individual responsibility . . .**
and a condition of employment;
- **safety is a way of life . . .**
around the clock;
- **every task must be performed with a concern for safety . . .**
for ourselves, our fellow employees,
our contractors, our visitors, our customers
and the communities in which we operate.
