

Interns Offers a “Tweetable” Summary of Their Summer Experience

At a recent Inclusion Network event held at Air Products’ corporate headquarters, three of our summer students—all of which were hired at annual diversity conventions—were asked to share their summer experience in a tweet-sized summary.

Summer interns were hired, onsite, at the 2017 National Society of Black Engineers (NSBE) conference. We will be taking the same hiring approach at both the WE17 and SHPE17 conventions.

About Air Products’ Inclusion Network

The Inclusion Network ties all of our employee resource groups together to create supportive communities that help attract and retain talent, raise cultural awareness, help each other to develop, and contribute to the company’s overall diversity and inclusion objectives.
